

# S4 GERMAN AIRFIELD LOCATION GENERATOR, WESTERN FRONT

## Western Front ACE

If you desire, you may want to generate precise airfield locations. This does not affect the game, other than to add to the theme and give greater historical detail. Roll 1D10 whenever changing squadrons or locations. Then roll 3D6 to find the assigned airfield:

| Roll 1D10 | Roll 3D6 →                                    | 3                     | 4            | 5            | 6              | 7                 | 8             | 9                | 10            | 11                | 12                    | 13             | 14             | 15        | 16                | 17                | 18                   |
